RECENT EVENTS

ANNUAL MEETING

Wednesday, May 23, 2012 – 7:30 PM at the Kingston Firehouse.

Landscape designer Cynthia Bloom-Cronin gave an illustrated presentation on Scenic Byways. New Jersey currently has seven designated byways, including the Millstone Valley Scenic Byway. This byway passes through Kingston, and is a loop that includes both the canal road and the river road between Route 27 in Kingston and Route 514 in Millstone/East Millstone. More about this and other nearby byways can be learned at <http://byways.org/explore/nearby?q=08528>

KGA TRAILS DAY SESSION

Saturday, June 2, 2012

Our Trails Day efforts focused on the boardwalk in the Cook Natural Area. Four volunteers gathered the boardwalk sections that washed away during last year's floods, pried up sections mired in mud and weeds, and stacked them in preparation for major rebuilding of the boardwalk.

It was wet, dirty, and demanding work. We are indebted to our hardy crew!
